

## Praise for Sun Bear and *The Medicine Wheel*

“Who is Sun Bear? He is more than a man. . . . His vision is of the caliber of a great shaman or teacher.”

—Steven Foster and Meredith Little,  
authors of *The Book of the Vision Quest*

“The time is right for the *The Medicine Wheel* to be received. Our culture’s precarious condition—psychological, social, ecological—requires healing and stabilizing. Earth astrology will certainly help many to do that. I have the deepest trust in Sun Bear’s vision; I have equally deep trust in the medicine ways he and Wabun offer us to restore healthy relations among people and the Earth.”

—John W. White, author of *Pole Shift*

“The life story of Sun Bear is . . . not only inspiring but also necessary.”

—Joan Halifax, author of *Shamanic Voices*

“Sun Bear is [a] bridge builder . . . whose passage through life has altered whole strata of different societies.”

—Evelyn Eaton, author of  
*The Shaman and the Medicine Wheel*

“I sincerely believe that if more people would come into the circle of [Sun Bear’s] vision, it would be the saving of the world.”

—Tom Brown, Jr., author of *The Tracker*

“Sun Bear’s life and vision call for a unity amongst people and the earth upon which we live. What a different world it could be if we listened to this man’s teachings, then turned them into reality.”

—Page Bryant, author of  
*The Second Coming of the Star Gods*
