

Isabel Mouse lives in an old walnut tree on the edge of the forest. Isabel can play violin all day long. She loves to dream about beautiful sounds, while playing her music.

Isabel has a sister and two little brothers.
All of them make music.
André, Isabel's youngest brother, plays violin as well.
Her sister Lavinia plays the harp, and her brother
Wibi plays piano.
When the four mice make music together,
the other animals in the forest are very quiet
because they don't want to miss anything.
