№10

Head in a Spin

The Exorcist (1973)

'The power of Christ compels you...' to try and face your partner as they take you from behind. Not as easy as it looks, but wickedly fun when you get it right.

№20

Stayin' Alive

Saturday Night Fever (1977)

Most nightclubs frown on overzealous public displays of affection, so stay at home and make your own disco floor. Strike a pose and feel the 'movement all around.'

№23

Hand Solo

Star Wars: Episode IV – A New Hope (1977)

Find a quiet spot in a dimly-lit cantina, pull up a stool and set to work. Once you start feeling the force of this self-stimulating act, there'll be no questioning who shot first.

№31

Cable Drop

Mission: Impossible (1996)

Your mission should you choose to accept it is to find a length of rope strong enough to support your weight. A stunt position guaranteed to make you sweat.

№43

Project Mayhem

Fight Club (1999)

The first rule of this ego-stroking position is to find a partner who's willing to pretend they're being penetrated by two people. There are no other rules.

Nº53

Doctor, Doctor

The Silence of the Lambs (1991)

Make sure your partner is fully covered up with their arms tied, then rub yourself against them. A onesie works well if you don't happen to have a straitjacket lying around.

№63

Kiss of Death

The Godfather: Part II (1974)

Grab your partner around the neck and plant a passionate kiss on them. This one is especially effective if they've recently committed an act of betrayal.

№66

Assassins' Tango

Mr. & Mrs. Smith (2005)

Marriage in a rut? Channel your inner double agent and your life suddenly won't seem so vanilla. Check whether your contents insurance covers acts of passion first.
