

Hoi! Ik ben **ROOD.**

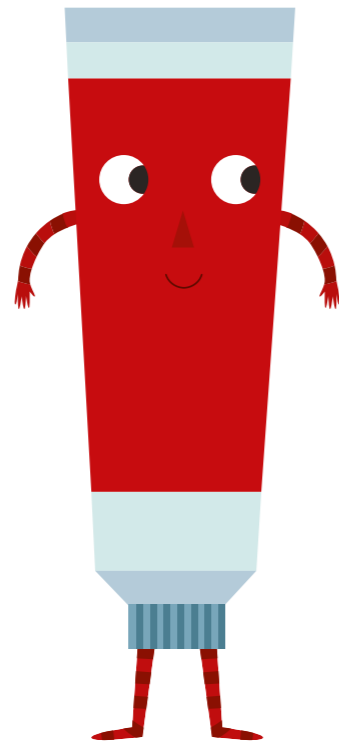

Ik stel je graag voor aan mijn familie.

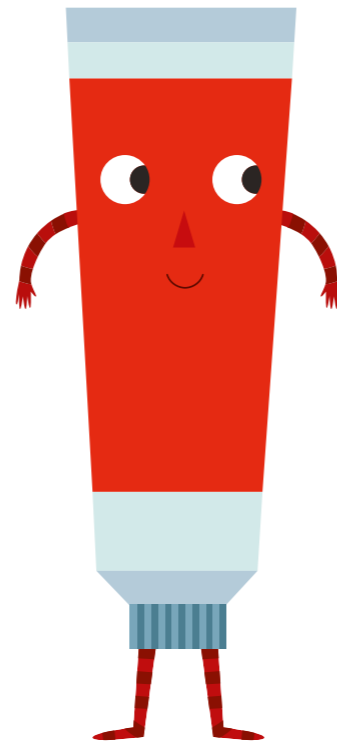

Magenta Rood

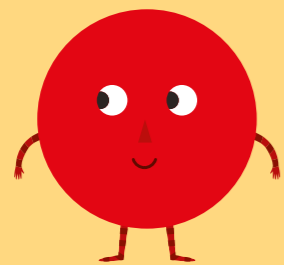

Karmijn Rood

Vermiljoen Rood

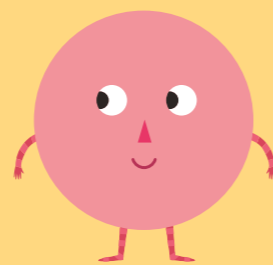

Als ik mezelf meng met wit, word ik...

+

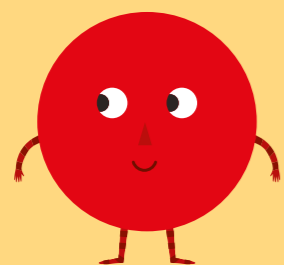

=

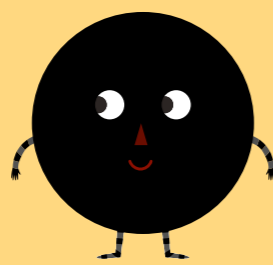

... ROZE
Je ziet mij op de volgende bladzijden!

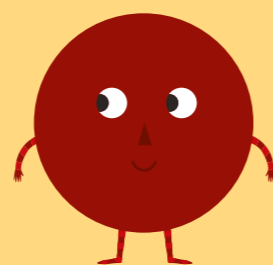

Als ik mezelf meng met zwart, word ik...

+

=

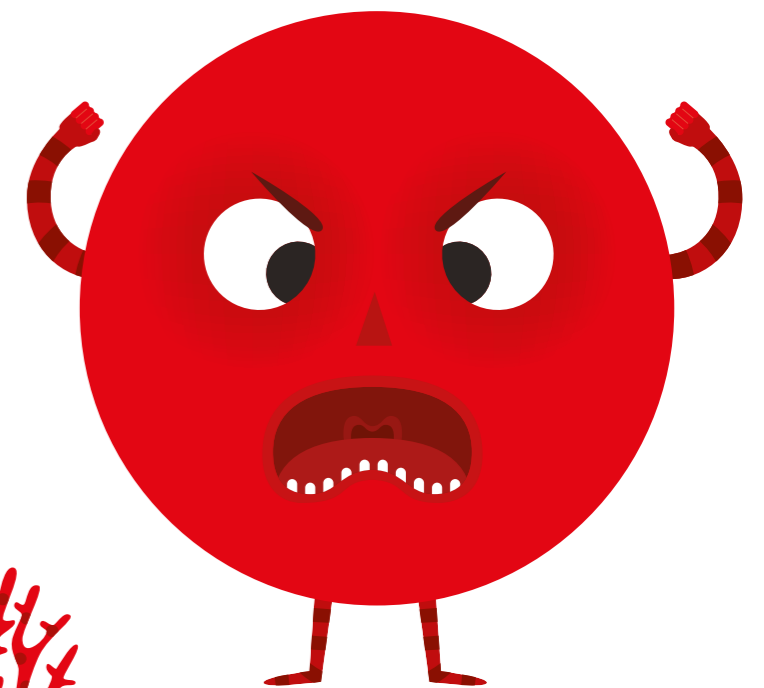

... DONKER-ROOD

Ik ben de kleur van al deze dingen:

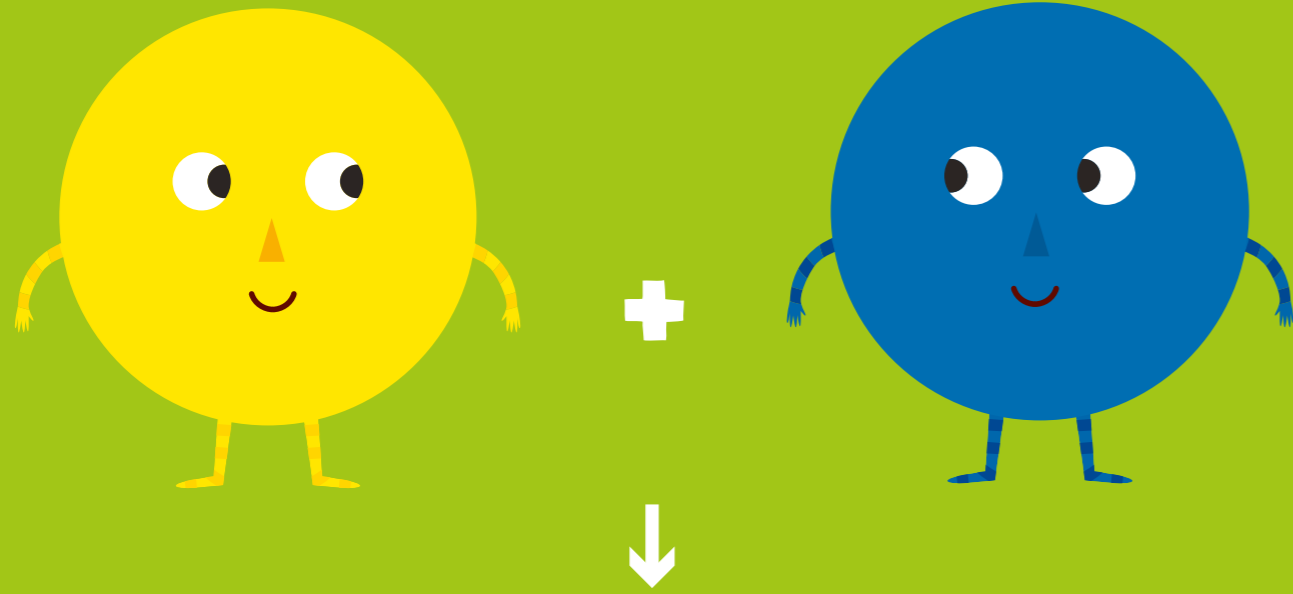

Maar ik ben ook de kleur van...

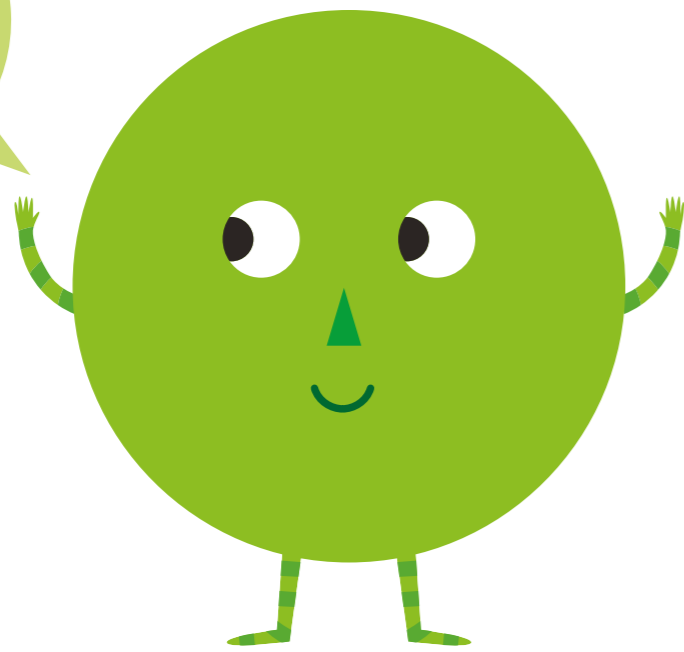

... WOEDE!

Wat gebeurt er als je Geel en Blauw mengt?

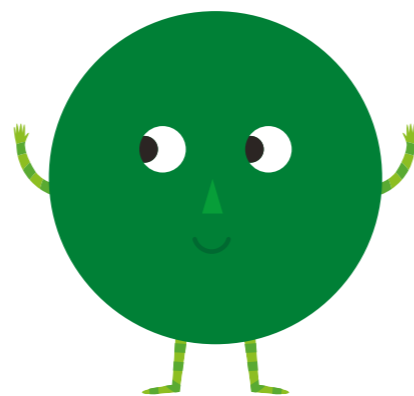

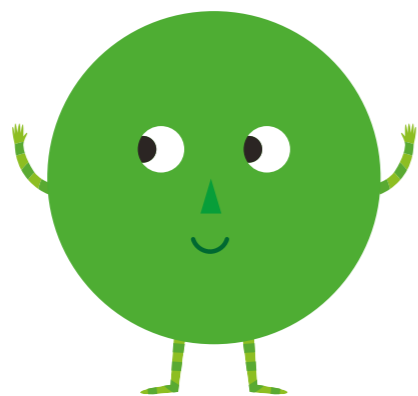

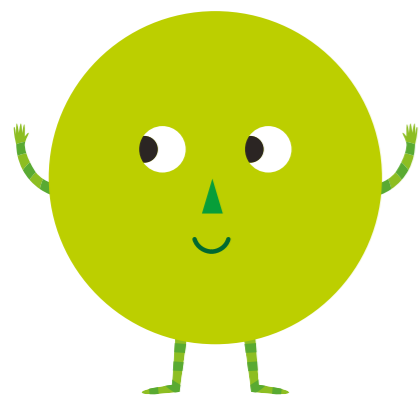

Ik ben GROEN!

Als ik veel geel bevat, ben ik lichter.

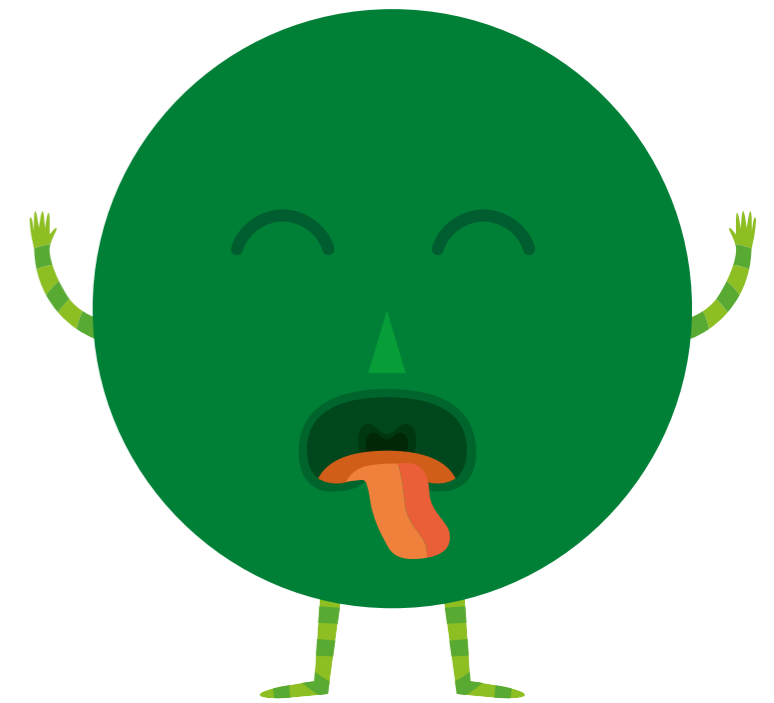

Als ik veel blauw bevat, word ik donkerder.

Ik ben de kleur van al deze dingen:

Maar ik ben ook de kleur van...

... MISSELIJKHEID!
