

Welke dappere ridder heeft de draak gevangen?

Teken de beloning naast de overwinnaar.

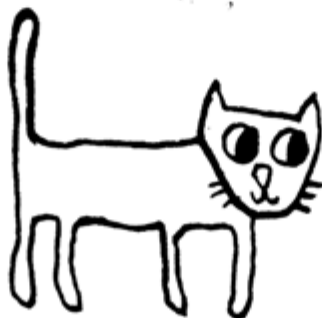

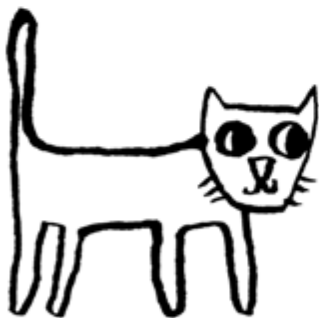

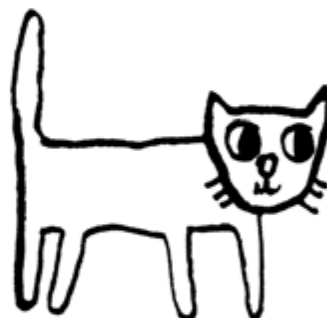

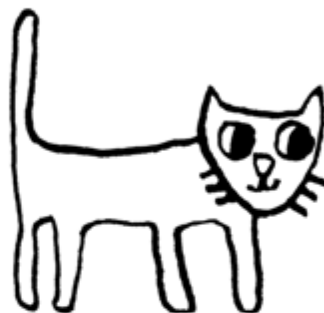

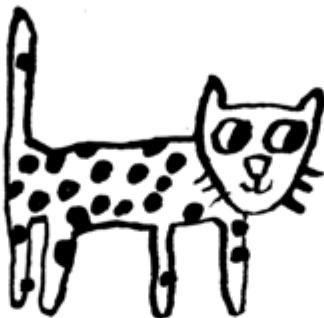

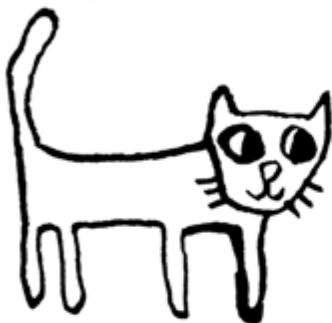

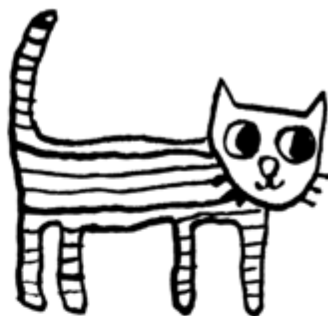

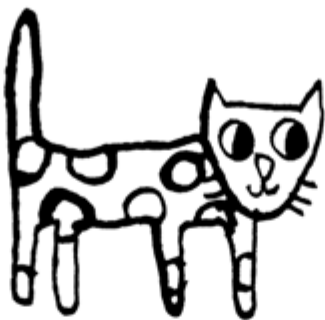

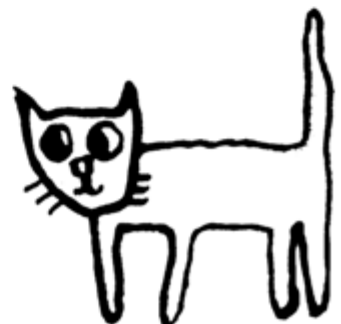

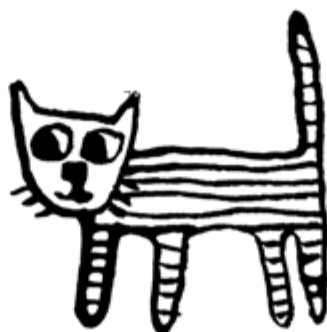

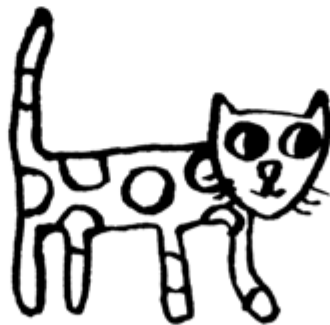

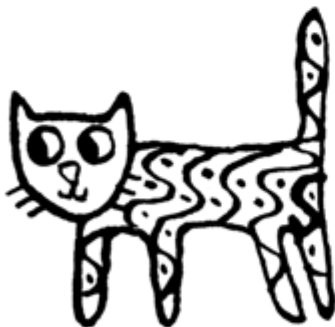

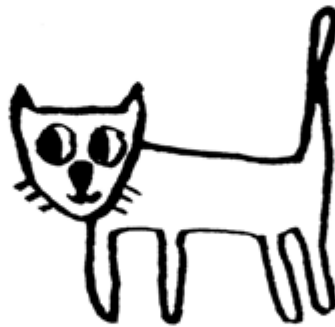

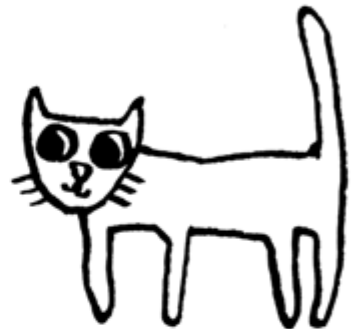

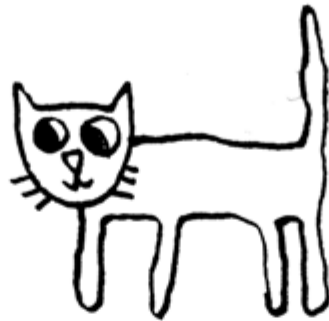

Naar wie zwaait de zeemeermin?
Tekening nog meer onderwaterbewoners.

Zoek de poezen met dezelfde vacht en bedenk zelf nieuwe patronen voor de witte poezen.

Het aardvarken eet termieten, de uil jaagt op muizen,
de olifant lust graag planten en de vos is dol op kippenbout.
En welk dier lust er graag honing?
