INTRODUCTION	1
--------------------	---

SOCIAL SCIENCES AND BIOETHICS

CHAPTER 1.

(BIO)ETHICS AND EVIDENCE: FROM COLLABORATION TO CO-OPERATION

RAYMOND DE VRIES	7
I. Introduction.	7
II. But what is bioethics?	8
III. Disagreements about what counts	9
§1. Elegance versus evidence	10
§2. Thinking about evidence	13
§3. Using social scientific <i>bewijs</i> in bioethics	15
A. Ethics of research	15
B. Setting moral boundaries: bioethics and the work of biomedicine	16
C. Bioethics and social policy	17
D. The bioethical imagination	18
IV. Conclusion: What evidence can and cannot do	18
Literature	20

CHAPTER 2.

BIOETHICS AND ITS METHODOLOGY: THE RISE OF EMPIRICAL CONTRIBUTIONS

PASCAL BORRY, PAUL SCHOTSMANS and KRIS DIERICKX	23
I. Introduction.	23
II. Empirical and normative approaches in bioethics	25
§1. Normative approaches	25
§2. Empirical approaches	26
§3. Empirical ethics	28

Table of Contents

III.	The emergence of empirical studies in the field of bioethics	30
IV.	Implications for the field of bioethics	32
	§1. Bioethicists should acquire basic skills of empirical methodologies	33
	§2. Empirical studies can help describe morally relevant facts	34
	§3. Empirical studies play a role in assessing the ethical question.	35
	§4. Empirical studies play a role in evaluating recommendations.	36
V.	Conclusion	37
	Literature.	38

**CHAPTER 3.
EMPIRICAL ETHICS AND GAMETE DONATION**

	KRIS DIERICKX.	43
I.	Introduction.	43
II.	Empirical data	43
	§1. The commissioning parents and secrecy	44
	A. Actual behaviour.	44
	B. Secrecy: reasons of commissioning parents	46
	C. Disclosure: reasons of commissioning parents	46
	§2. The children: the effect of secrecy	47
	A. Emotional development and family relationships.	47
	B. Direct interviews with children	49
	§3. Professionals.	51
	§4. An interim evaluation.	52
III.	Normative frameworks	53
	§1. Ethical guidelines and instructions	53
	§2. The interest of the child.	55
	§3. The moral importance of the biological parenthood.	56
IV.	Afterword.	57
	Literature.	59

CARE ETHICS

**CHAPTER 4.
CARE ETHICS AS A FEMINIST PERSPECTIVE ON BIOETHICS**

	MARIAN A. VERKERK	65
I.	Introduction.	65
II.	What do we mean by care?	66

III.	What do we mean by care ethics?.....	67
IV.	Care ethics as a practice based ethics	68
V.	Care ethics as a feminist perspective.....	70
VI.	Care ethics as a moral orientation	72
VII.	Does care ethics make a difference?.....	74
	§1. Relational agency	75
	§2. To read the moral question in terms of responsibilities	76
	§3. Education and care ethics.....	77
VIII.	Conclusion.....	79
	Literature.....	79

CHAPTER 5.

CARE, SENSITIVITY AND ‘THE MORAL POINT OF VIEW’

PER NORTVEDT	81
--------------------	----

I.	Introduction.....	81
II.	An ethics of care, moral sensitivity and ‘the personal point of view’....	83
III.	Partiality, the personal point of view and contemporary moral philosophy	86
IV.	The argument from integrity	88
V.	The argument from closeness and moral sensitivity.....	89
VI.	The relational argument.....	90
VII.	What are the unsolved questions and what can care ethics contribute to their solution?	94
VIII.	Conclusion.....	95
	Literature.....	96

CHAPTER 6.

A NORMATIVE APPROACH TO CARE ETHICS: THE CONTRIBUTION OF THE LOUVAIN TRADITION OF PERSONALISM

LINUS VANLAERE and CHRIS GASTMANS	99
---	----

I.	Introduction.....	99
II.	Care ethics	100
	§1. Care ethics: a recent ethical perspective in health care.....	100
	§2. The ethical value of care	101
	§3. View on the human person and normativity	102
III.	The Louvain tradition of personalism.....	104
	§1. Louis Janssens and the dimensions of the human person.....	104

Table of Contents

A.	The person is a subject	104
B.	The person is a body	104
C.	The person is part of the material world	105
D.	The person is substantially involved with other persons	105
E.	The person is part of a larger social world.	105
F.	The person is in relation to God	106
G.	The person is a historical being.	106
H.	A person is fundamentally equal to other persons but is also unique	106
§2.	Joseph Selling's recalibration of Janssens' personalism.	107
A.	Reordering of the eight dimensions of the human person	107
B.	Louvain personalism and care ethics.	108
IV.	'The person adequately considered' as a normative foundation of care ethics.	110
§1.	The human person as the aim of care.	110
§2.	The human person as a foundation of care	111
A.	The dignity of the human person	112
B.	Care and body as 'condensation' of human dignity	112
§3.	'Thou shalt not kill' as a normative minimum of care.	114
V.	Conclusion	115
	Literature.	116

BIOETHICS, LAW, AND POLITICS

CHAPTER 7.

**FIRST STEPS IN THE DEVELOPMENT OF AN INTERNATIONAL
BIOLAW**

	ROBERTO ANDORNO	121
I.	Introduction.	121
II.	International legal instruments relating to bioethics	121
§1.	UNESCO and the Council of Europe.	122
§2.	Two preliminary remarks	123
III.	Three general characteristics of international biolaw.	124
§1.	The recognition of human dignity as the overarching principle of biolaw.	124
§2.	The use of a human rights framework	125
§3.	The adoption of a set of broad principles	126
IV.	List of core principles of the emerging international biolaw	127
V.	Conclusion	136
	Literature.	136

CHAPTER 8.	
NEW DIMENSIONS OF BIOETHICS IN THE UNIVERSAL DECLARATION ON BIOETHICS AND HUMAN RIGHTS: RESPONSE TO ROBERTO ANDORNO	
JUDIT SANDOR	139
I. Introduction.	139
II. Bioethics and human rights: competitors or allies?	140
III. The modern regime of human rights.	142
IV. The contemporary notion of bioethics	143
V. Analysis of the UNESCO Declaration on Bioethics and Human Rights: bioethics dimension	144
VI. Human rights dimension	145
§1. Human dignity	145
§2. Non-discrimination and non-stigmatization	146
VII. Human rights and bioethical (common) dimensions.	147
§1. Consent	147
§2. Privacy and confidentiality	149
§3. Equality, justice and equity	149
VIII. Twin principles	150
§1. Autonomy and individual responsibility	150
§2. Benefit and harm	151
§3. Respect for cultural diversity and pluralism	151
IX. Broader dimensions of the Declaration.	152
X. Educational dimension	154
XI. Institutional dimension	154
§1. Ethics committees	154
§2. Role of states	155
XII. Social dimension	155
§1. Solidarity and cooperation	156
§2. Social responsibility	156
§3. Sharing benefits	157
XIII. Level of interpretation	158
XIV. Conclusion	158
Literature	159

CHAPTER 9.
EUROPEAN BIOLAW IN THE MAKING: THE EXAMPLE OF THE
RULES GOVERNING THE REMOVAL OF ORGANS FROM
DECEASED PERSONS IN THE EU MEMBER STATES

HERMAN NYS 161

I. Introduction..... 161

II. The Oviedo Convention and its additional protocol on organ
transplantation 162

 §1. The Convention 162

 §2. The additional protocol..... 163

III. The additional protocol and the opting-in/opting-out system 164

 §1. The prototypes of the opting-in and opting-out systems 164

 §2. The additional protocol and the opting-out system 166

IV. National legislation on the removal of organs from a deceased donor . 168

 §1. Austria 169

 §2. Belgium 169

 §3. Czech Republic..... 169

 §4. Denmark 169

 §5. Estonia 170

 §6. Finland..... 170

 §7. France..... 170

 §8. Germany 171

 §9. Greece 171

 §10. Hungary..... 171

 §11. Italy..... 171

 §12. Latvia 172

 §13. Lithuania 172

 §14. Luxembourg 172

 §15. The Netherlands..... 173

 §16. Poland 173

 §17. Portugal..... 173

 §18. Slovakia 174

 §19. Slovenia 174

 §20. Spain..... 174

 §21. Sweden..... 175

 §22. United Kingdom..... 175

V. Some trends and conclusions 175

Literature..... 178

NEW TECHNOLOGIES AND BIOETHICS**CHAPTER 10.****NEW TECHNOLOGIES AND BIOETHICS: A SHORT REFLECTION**

MICHEL DUPUIS.....	181
I. Introduction.....	181
II. Bioethics is coping not only with new technologies but with ‘new’ anthropology/ies.....	182
III. Contemporary reading of human plasticity: the empty essence of man.....	183
IV. Which conception of rationality and of rational medical practice?....	186
V. Conclusion.....	188
Literature.....	189

CHAPTER 11.**WONDERS AND TECHNOLOGIES**

EMILIO MORDINI.....	191
I. Introduction.....	191
II. Technology, science and techno-science.....	194
III. What is technology for?.....	197
IV. Techno-animism.....	199
V. Wonder and curiosity.....	201
Literature.....	203

CHAPTER 12.**STEM CELL RESEARCH: TRUST IN PROGRESS THROUGH BIOTECHNOLOGY. Some ethical reflections on the Belgian debate**

BART HANSEN & PAUL SCHOTSMANS.....	207
I. Introduction.....	207
II. Scientific and clinical developments in stem cell research.....	207
III. Embryo protection policies.....	208
IV. The Belgian Embryo Law in detail.....	209
§1. History of the Embryo Law: European conformity.....	210
§2. Definition of the embryo in vitro.....	210
§3. Research on supernumerary embryos.....	211
§4. Creation of human embryos solely for research purposes.....	212

Table of Contents

§5. Prohibitory clauses.....	214
V. The Belgian ethical debate.....	214
§1. Essentialists.....	215
§2. Conventionalists.....	216
§3. Intentionalists.....	216
VI. Conclusion: some general ethical commentaries	217
Literature.....	218
