# Introduction.

Welcome to the wild, whimsical world of Rainforest Rascals, where paradise meets playful chaos!

Hidden at the edge of a lush tropical rainforest, a vibrant resort becomes the ultimate playground for three mischievous coatis—Joey, Ella, and Carlos. With their twitching noses, ringed tails, and curiosity, this cheeky trio are not just here to admire the scenery—they are here to stir things up!

From flip-flop thefts and strawberry daiquiri disasters to rooftop raids and five-star food fights, Joey and his siblings dive headfirst into one hilarious escapade after another. Whether they are tangling with tourists, teasing the cleaning staff, or challenging rival monkeys in Operation Bagel, no day is ever dull with the coatis around.

Told with heart, humour, and a touch of tropical madness, this is a story of friendship, adventure, and unforgettable memories—set in a place where the sun shines bright, the laughter is loud, and the rascals always have one more trick up their paw.

So, sit back, relax, and get ready to join the chaos. The rainforest rascals are waiting!
