*To those who are still foolish enough
to write love letters.*

*This book is for you,
who still believe a letter can change
the course of things.*

*For you who risk the shame of bare paper just to say “come
back,” even when you know there won’t be an answer.*

*For you, who are naïve enough to write
with your heart, and brave enough to sign with your real name,
or with a name that only she will know how to decipher.*

*This book is for fools—
the last romantics—
who still write love letters.*

That’s why they’re the only lucid ones.
