## Introduction

Dear reader, I use the pseudonym *Asamod* because I am a master of a well-known esoteric order, which is not very inclined to reveal rites and teachings to the profane (secular).

*Asamod* is a variable of *Asmodeus*, but in Hebrew *Asamod* means to destroy and in Persian *Azmondan* means to try or put to the test.

I chose the name for the vibration and to symbolize that I intend to break/destroy old paradigms.

The real predecessor root of the term is *Aeshma-daeva*, a demon from Persian mythology in Zoroastrianism, of fury and lust, but who was sometimes interpreted as "the shining angel"...

Some interpret *daēva* as "demon", but it is inaccurate, in Hinduism *devas* are divine spirits, in Persian mythology not all *daēva* were negative.

I recommend reading my other titles: "Magickal Formulary – 620 Spells", "Vampyros Magicae – Real Vampiric Magic", "Obscure Dimensions and Magickal Systems", "Dark Magic Rituals".

## What is love binding

Love binding is a spiritual work whose main objective is to unite two people in love and when this work is carried out two people are united by spiritual bonds that strengthen the relationship, preventing external forces from disturbing the relationship.

The term binding comes from the meaning of tying and holding the person, To bind means to tie, to bend someone's will, "state of being bound". In the old days, a spell was made using a rope with the exact size of the person to be influenced.

A series of knots was made with this rope, blowing and asking the gods to intercede. In Portuguese we say “amarração”.

Some authors use softer terms like "love union", but a binding regardless of the name, is always a way to spiritually force another person to love us (interfering with their free will), therefore, that small talk of some witches that only make bindings with cabalistic angels and "white magic" is really small talk.

The union is made in the astral, then it has effects on the material plane and the entities that cooperate in these works usually have a resonance with dense and sexual energies, that is, they are *Eshús* and *Pombagiras*, or even *eguns* (spirit of the dead).

In the folklore of other magical traditions, there may be other names for these archetypes, such as Voodoo *loas*, or others, but they are entities with similar frequency and in resonance with such energies.

Kabbalistic angels is chitchat.

At the end of this book, I put clarifying questions and answers.

In this book I focused on gathering quality rather than quantity, that is, I excluded many spells that were short or ineffective, opting for the best ones.

I generalized a little and put several spells for love, I consider that binding can be something to make a person like us, but also for an ex-love to return, for example.

It includes bindings of different systems such as: afro brazilian Quimbanda, Santería, Mexican magic, Egyptian magic, Gypsy magic, and others. Most spells I translated from Portuguese.

At the end of the book I've included some recipes for untying bindings, if you need to (for example, if you change your mind and want to undo a binding, or if you've been hexed and want to cleanse yourself).

Dear reader, when you search Google for love bindings, you will find only 10% free information on *blogs* and websites, the remaining 90% are ads from charlatan witches.

Beware, you will end up paying thousands of dollars (yes thousands) for a job and certainly nothing will get done.

Others who charge only 50 or 100 dollars for a work lie, this money could not even cover the cost of materials used in the ritual and the witch's spiritual work, so don't fall into traps, do the rituals yourself.

In fact, you are the one who has the greatest energetic-emotional bond with the desired person, and you have their mental image in your mind (when you close your eyes and visualize).

Have faith, do the spell yourself and avoid scams, make sure a job was really done.

Sorry my English.

## **Tips**

When doing a binding spell, purify the place with incense.

Make sure you really love the person you influence.

Just think about her/him, in the following days don't feel desire or think about other people, don't masturbate (conserve your sexual energy) just focus on the desired person.

Do not have sentimental or loving contact, not even kisses, with another person.

Your energy will be linked only to the person you love.

Another personal tip, which I tell you, is the following: after doing a spell, don't sit idly by and do nothing else. You can have an active part, do astral travel before bedtime, think about the loved one and imagine yourself. Imagine your thoughts, in fact, project your consciousness to that person and visit them in dreams. Keep the emotional bond strong.

When performing a spell that requires going to a crossroads, ask permission from Ogum, who presides over the crossroads, and from Eshú, as it is their territory.
