Poems of Light 2

Poems of Light too...
softly whispered in my ear...
to pass the message...
for everyone to read and hear...
streaming from 'High Up Above'...
to learn from and to teach...
to all and each...

A real friend

A real friend is a gift from heaven...
to stand by you 24/7.
You will enjoy the warm company...
that often softens hard reality.
So be aware to be a good friend too...
to share and feel that unique unity of two.

A Yin and Yang complot

In deep sleep...
just before i open my both eyes...
I Am 'I Am Not'...
not aware of my existence...
what a big surprise...
there is totally no resistance...
cos on this Earthly Mother...
every sister has her brother...
it's a Yin and Yang complot!

As neutral as

As neutral as...
the sky you need to be...
with or without...
the blowing wind...
the sunshine...
falling rain...
or some clouds...
it always stays...
untouched... the same...
you see?

As peaceful as...
the sky you need to be...
who never wonders...
where the wind blows...
the sunlight shines...
the rain falls...
the clouds will float...
it always just...
let all things pass...
don't you agree?
