

Hannah celebrated every single holiday. Not just the big holidays that most people celebrate, but holidays you've never even heard of.

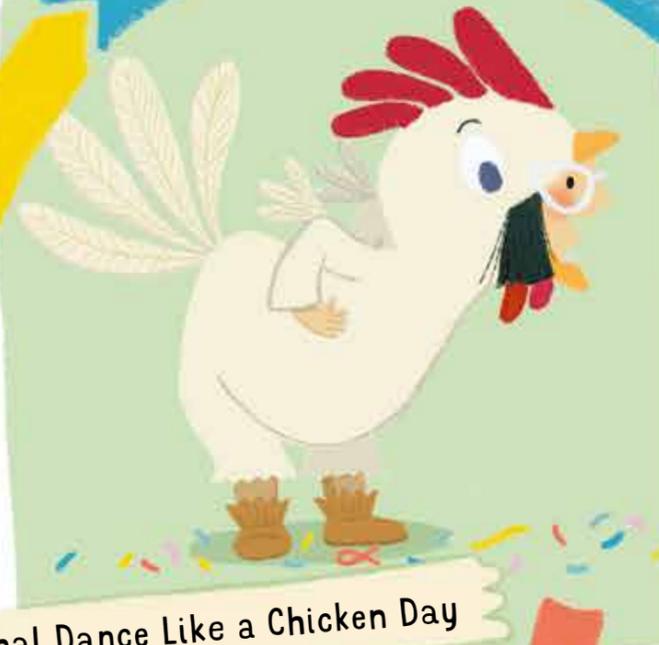

World Origami Day

Cartwheel to Class Day

National Dance Like a Chicken Day

Roar Like a Dinosaur Day

Bring Your Stuffed Animal to School Day

Hannah even made up some holidays herself, like Name a Caterpillar Fred Day.

And YOU'RE Fred, and YOUR name is Fred, and YOU shall hereby be known as Fred!

Hannah had started a new school this year,
and she was eager to introduce her
classmates to some exciting holidays.

“What day is it today, Hannah?”
“It’s National Science Experiment Day!”
Hannah yelled. “Now run for cover!”
